
Dina's, a new bistronomy dining experience at Dinarobin Beachcomber

From early November 2019, guests at Dinarobin Beachcomber Golf Resort & Spa will enjoy a natural and balanced bistronomy concept based on high-quality local products.

The name is simple and easy to remember; the restaurant serves healthy and fulfilling comfort food in the purest bistro tradition. Le Dina's is set to become the go-to place to enjoy a menu that focuses on local products. Situated where Il Gusto restaurant used to be, the new bistronomy venue at Dinarobin Beachcomber lets their true taste come through to allow guests to rediscover the culinary delights of yesteryear.

Dina's is a delectable introduction to a healthy cuisine, without artificial colours or flavours. This innovative concept not only promotes healthy eating, but also respect for the environment through a partnership with Eco zone for the supply of products and decoration. The place is full of nature and relaxation with a green wall and centrepieces inside as well as a newly designed outdoor terrace with aromatic plant beds.

The restaurant offers genuine cuisine based on local products. The range of entrées includes the Bel Ombre Hare Terrine with Pistachio Nuts, Cognac and Warm Brioche, the Organic Salad of Just-Grilled Mauritian Octopus with Ratte Potatoes and Pecorino, and the Chamarel Crayfish Ravioli with Ginger and Fresh Seasonal Mushroom Emulsion.

Moving on to the main courses, there is the Local Parrotfish Fillet in Stock with Rodrigues Limes and Marinated Pepper or the Indian Ocean Bouillabaisse with Extra Lobster, among others. A selection of organic wines, a daily dessert cart as well as an organic fair trade coffee and tea menu will make the dining experience complete.

The gourmet bistro's specials feature the "Trust Me" six-course discovery menu designed and regularly updated by the chef. "Home-made" signature products like sausages and terrines will also add to the flavour of the experience.

Treat yourself to a moment of bistronomic delight at Dina's!

About Beachcomber

Beachcomber Resorts & Hotels is the pioneer and leader of the Mauritian tourism industry. Since the creation of Park Hotel in 1952, a collection of 9 resorts have emerged over the years, including the mythical Royal Palm Beachcomber Luxury Mauritius in 1985, considered by everyone as the reference in hospitality for luxury holidays in Mauritius.

The Group recently expanded its collection, with the integration of the Beachcomber French Riviera, situated on the Côte d'Azur, in France.

The collection of 9 resorts affords a choice of accommodation options ranging from rooms and apartments to suites and villas. Each hotel is imbued with a particular history and cachet, embodying an image of discrete luxury.

Set up and financed by Beachcomber since 1999, with the participation of hotels and employees, this foundation takes care of these main projects:

- Projet Employabilité Jeunes (PEJ): professional insertion of school drop-outs through a training programme and industrial attachments.
- Collaboration with NGOs, schools and associations
- Regional projects – youth mentoring: the “Amour et Espoir” NGO; IT initiation; youth monitoring via the “Duke of Edinburgh International Award” programme, participation of regional sports clubs in the organisation of the Beachcomber UTRB Trail 2015

Social responsibility – Local Hands

Programme launched in 2006 to support small local artisans by providing them with training and guidance as they embark upon the process of creation, production, marketing and sales.

Sustainable development – our environmental actions – EarthCheck label

Sustainable development and environmental protection constitute real considerations within the Group, which has set up, amongst other initiatives, practices that ensure energy savings and favour renewable energy sources. These initiatives in favour of sustainable development have been recognised and rewarded, with all of our hotels recently obtaining the EarthCheck Benchmarked Silver accreditation for their ongoing commitment to environmentally responsible practices.
