

## ZEST

### Zest says it all

Zest's motto: sharing a meal means creating unforgettable memories. Zest transforms gastronomy into the art of sociability, of enjoying being together. It embodies the Mediterranean spirit and holidays, dolce vita style.

With its large tables, cane furniture lined with soft cushions, colourful ceramic tiles, and soft-hued decor, which create an authentic atmosphere, this venue oozes rustic charm. A place where you feel relaxed, comfortable and always welcome. A home from home.

Soak up Zest's warm atmosphere under the shade of one of its thatched canopies on the beach or snuggle up comfortably in its rattan loveseats overlooking the lagoon, and let yourself be tempted by its bountiful cuisine: pizzas, hot dishes freshly prepared in its open kitchens, typically Mediterranean al fresco sharing plates... all washed down with a perfectly chilled rosé served fresh from the wine cellar. Because here, every meal is an experience inspired by the richness and beauty of the local region.

Welcome to Zest.
