COMMENTS ON THE RESULTS FOR THE QUARTER AND 9 MONTHS PERIOD ENDED 31 MARCH 2022

RESULTS

The Group posted satisfactory results for the quarter ended 31 March 2022. Group turnover increased to Rs 2.5bn (Q3FY21: Rs 351m) and PAT stood at Rs 124m (Q3FY21: loss of Rs 764m). Occupancy rate for the quarter improved to 47% (Q3FY21: 12%), slightly dampened by slower pickup in our 4-star resorts in Mauritius and the closure of Moroccan borders until early February 2022.

For the nine-month period under review, Group turnover reached Rs 5.5bn (9MFY21: Rs 940m) whilst EBITDA was at Rs 1.3bn (9MFY21: loss of Rs 1.2bn). The Group posted a loss after tax of Rs 84m (9MFY21: Loss of Rs 2.2bn).

MAURITIUS

The average occupancy rate for the quarter was 47%, with a relatively higher demand for the Group's 5-star resorts. The occupancy mix, coupled with a strong euro and pound sterling, resulted in a 30% increase in the average spend per guest night compared to similar quarter pre-COVID. Mauritius operations generated a turnover of some Rs 1.9bn for the quarter, 9% below pre-COVID level, whilst EBITDA stood at Rs 449m.

MOROCCO

Despite the challenging conditions that prevailed in Morocco during the quarter, the resort generated a turnover of Rs 157m and an EBITDA of Rs 34m.

SEYCHELLES

As per the lease agreement which provides for euro inflation-indexed rental, the rent with respect to Ste Anne Resort in Seychelles was increased from 01 February 2022, the first anniversary of handing over to Club Med. Rental income amounted to Rs 96m for the quarter, with PAT of Rs 45m.

OUTLOOK

The month of April benefited from Easter holidays in most of the Group's source markets and results for the month far exceeded expectations. The expected losses

for the low season months of May and June 2022 should be lower than pre-COVID comparable months. However, the forecast positive results of the last nine months of the financial year will not fully compensate for the Rs 755m losses incurred in the first quarter during which severe travel restrictions prevailed.

With the ongoing Russia-Ukraine conflict as well as disruption in the supply chain worldwide, containing costs will be challenging. Management will nonetheless continue to focus on service excellence in order to enhance customer experience. The gradual increase in airline seat capacity to Mauritius will give a new impetus to the tourism sector. The financial year 2022-23 should witness a gradual return to pre-COVID occupancy levels and the Group's overseas operations should contribute positively to the overall performance.
